

Fund I invests pre-seed and seed capital in the **new water economy** — venture capital for water technology companies solving the problems businesses can't afford to ignore. A summary of the quarter's fundraising, deal pipeline, and ecosystem work.

DEAL PIPELINE • Q2

Every opportunity is scored against the **BUV Six** and logged. Bar widths illustrate stage-to-stage conversion. A weekly sourcing digest now runs across LinkedIn, accelerator cohorts (including the Imagine H2O 2026 cohort), SBIR awards, and university tech transfer.

40+ **Passes logged** — building the fund's anti-portfolio and a disciplined record for every deal seen.
